*Proceedings of the Madras Government, Public Works Department,
23rd May 1866.*

No. 558. Read the following letter from the Inspector General of Military Works, Public Works Department, (Military Works), to the Resident at Hyderabad, dated Simla, 7th May 1866, No. 452 M :—

1. In forwarding the accompanying copy of a letter* from the Government of Madras, in the Public Works Department, submitting its Proceedings relative to the additional temporary accommodation required in the General Hospital at Trimulgherry, I am directed to point out that the present report does not quite tally with that contained in your Secretary's letter, No. 60, dated 22nd August 1865, and to request that you will, in communication with the local Military and Medical authorities, report for the information of the Government of India how you would propose to provide complete permanent Hospital accommodation for the whole of the European portion of the Trimulgherry Garrison with reference to Public Works Department Circular, No. 19 of 1866, which lays down the principles of Hospital construction.

2. I am at the same time to request that you will report whether there is any necessity for giving any temporary Hospital accommodation pending the completion of the permanent buildings. This should of course be avoided as much as possible. It would seem from the report submitted by you that temporary accommodation was not required, but the present demand for additional accommodation is so large that there is a doubt on the point.
