*Proceedings of the Madras Government, Public Works Department,
25th May 1866.*

No. 582. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 12th May 1866, No. 5.

1. I have the honor to bring to your notice that the Hospital Serjeant's quarters at Bellary, authorized to be built in G. O. No. 2,512, dated 31st August 1864, has not yet been commenced in consequence of the number of other works in progress. My predecessor ordered this and other works authorized in the same order to be proceeded with; but, for the reasons given above, they were not taken in hand. The authorities here are anxious that the Hospital Serjeant's quarters should be built as soon as possible.

2. As the building cannot be now constructed at the rates sanctioned, I beg to submit a revised estimate in comparative form, and request sanction for the same, the increase over the former sanction being Rupees 1,343.

Rupees 4,137.

Rupees 2,794.

No. 583. ORDER THEREON, 25th May 1866, No. 1,654.

MILITARY WORKS, No. 24.

Rupees 2,794.

As from the comparative statement submitted with this letter it appears that the excess of Rupees 1,343 over the original estimate for the quarters of the Hospital Serjeant at Bellary is due entirely to an increase in the rates of labor and materials, the Government sanction the revised estimate of Rupees 4,137. This amount will be provided from the Reserve under "Military."
