REMARKS.

I. These quarters are required for the accommodation of the Warrant and Non-Commissioned Officers of the Ordnance and Commissariat Departments serving at the Presidency, many of whom are now located in unhealthy portions of the Native Town.

II. & III. As the Minor Works Grant under all heads has been distributed, and pressing demands for urgently necessary works continue to be made, these sums have been withdrawn in order to their being made available for re-appropriation.

IV. As a portion of the maintenance grant for the Halaudy Road Circuit was available, its appropriation to the construction of two bridges which are much required on that line was recommended by the Superintending Engineer and approved by the Government.

V. On the recommendation of the local Military authorities, and with the consent of His Excellency the Commander-in-Chief, the execution of these works has been deferred in order to provide funds for others of a more urgent character in Bellary.
