318-319

Dated 15 — 11 — 1866.

Not to be folded or roughly handled

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

From the Officiating Quarter Master General, Head Quarters, Ootacamund, 13th October 1866, No. $\frac{753}{8340}$; to the Secretary to Government, Military Department, Fort Saint George.

I have the honor, by order of the Commander-in-Chief, to submit, for the approval of Government, a list of the Military works for which His Excellency recommends that funds should be provided out of the budget of 1867-68.

2. Agreeably to paragraph 5 of the Order of Government, in the Department Public Works, dated 31st January 1866, No. 367, the Commander-in-Chief has restricted his application to a sum about equal to the average outlay on Military works during the past five years, *viz.*, about 6¼ lacs—and under the several heads specified in the list will be seen what sums are asked for—first, for works in actual progress; second, for works already sanctioned, but not commenced for want of funds; and third, for works which in the opinion of the Commander-in-Chief are most urgently required.

3. With regard to those under the last head, the Commander-in-Chief has given special prominence, on this occasion, to the immediate construction of covering or "open stabling" for the horses of the British Cavalry Regiment at Bangalore: a measure which His Excellency believes to be of essential sanitary importance.

4. The plan of stabling proposed is a deviation from the standard plan, which is estimated to cost at Bangalore Rupees 1,25,000; and which the Commander-in-Chief considers to be too elaborate and too costly; and beyond any immediate available resources of the Government. His Excellency's suggested modified plan, costing only 68,386 Rupees will be found fully equal to all practical purposes aimed at.

5. The cover that will thus be provided for the Cavalry Soldier in his daily routine of stable duties, and the protection afforded him from the extreme exposure to which he is now subjected, will, the Commander-in-Chief believes, establish the fact of marked sanitary improvement among the men; while a very considerable economy will further result to the Government by the better protection of the horses now exposed to the trying variations and inclemencies of the seasons.

6. The men, moreover, when grooming under such shelter, will be able to give that attention to their horses, which cannot now be commanded while they are exposed on returning from parades, to trying heat or rain.

7. The Commander-in-Chief proposes, as an experimental measure, to provide only for stabling for the European Cavalry Regiment at Bangalore: and if the advantages he anticipates both to men and horses *do* result from the measure, it will be for Government to decide as to its further application, as well as to the necessity for improving or modifying the plan suggested.

8. The Commander-in-Chief ventures urgently to press upon the Government, for their sanction to this building in its modified form; for he cannot, consistently, while there are other sanitary requirements still incomplete, propose so costly an expenditure as the elaborate Engineer standard plan above referred to, would involve.

9. The question of the European Force to be maintained at Trichinopoly being under consideration, the Commander-in-Chief thinks that the quarter-guard with cells sanctioned for the Battery of Artillery at that Station, in the Order of Government, No. 3071, dated 25th September 1866, may be postponed.

10. The four additional cells at the Mount, approved of in Order of Government No. 3002, dated 19th September 1866, may also be deferred.

11. With regard to the Military Prison at Wellington, as the question of the description of building to be provided is still under reference to the Government of India—*vide* letter from this Department dated 25th July 1865, No 248—the Commander-in-Chief has made no provision for it in the estimate for the ensuing official year.

12. With advertence to the Order of Government, No. 2252, dated 30th June 1866, and to letter from this Department, No. 528, dated 28th August 1866, His Excellency regrets that he has been unable to spare funds in the present estimate for either the third story to the quarters of the Ordnance Officer in Fort Saint George, or for the additions proposed to the office of the Controller of Military Accounts.

13. I am instructed to add that should the allotment of funds for the Military budget of this Presidency for 1867-68, fall short of the sum applied for in this list, the Commander-in-Chief requests that the works selected to be deferred may be taken in the following order to such extent as may be necessary to reduce the amount to the limit assigned to this Presidency.

1*st.*	*Trichinopoly.*—Recreation rooms for European Infantry Detachment.....	Rs.	2,780
2*nd.*	*Erode.*—Rest house, &c.....	„	4,300
3*rd.*	*Fort Saint George.*—Alterations to the arrack and porter godowns in the Commissary General's office to be reduced by...	„	5,000
4*th.*	*Bellary.*—Canteen and Cellar for Artillery.....	„	6,000
5*th.*	*Poonamallee.*—Semi-permanent Guard-room, &c.	„	5,430
6*th.*	*Bangalore.*—Ulsoor tank-water project to be reduced by.....	„	5,000
7*th.*	*Bangalore.*—Drainage on race course to be reduced by.....	„	5,000
8*th.*	*Bellary.*—Three Apothecaries' quarters.....	„	10,338
9*th.*	*Do.* —A compound wall with wash house, for Staff Serjeants' quarters.....	„	6,000
10*th.*	*Bellary.*—Archways. European Infantry Barracks.....	„	3,600
11*th.*	*Kurnool.*—Regimental and Reserve Magazine....	„	2,500
12*th.*	*Cuttack.*—Store-room. Commissariat Dept.....	„	3,629
13*th.*	*Bellary.*—Shed for sick carts, &c	„	4,455
14*th.*	*Bangalore.*—Hospital on race course to be reduced by.....	„	15,000

P. S.—The return of works estimated at less than Rupees 2,500 is under preparation, and will be submitted without delay.

(Signed) C. C.

Offg. Qr. Mr. Genl.

List of work required to be entered in the Public Works Budget of 1867-68, prepared from the lists received from Divisions.

Divisions.	Stations.	Description of buildings, &c., and for what Corps or Department needed.	Sanctioned works in actual progress for which an allotment in the budget is required for expenditure in 1867-68. Rs.	A.	P.	Sanctioned works not commenced for want of funds and for which an allotment is now asked for expenditure in 1867-68. Rs.	A.	P.	New works not yet sanctioned, which in the opinion of the Commander-in-Chief, are urgently required. Rs.	A.	P.	Total allotment required in the budget of 1867-68. Rs.	A.	P.	Remarks as to necessity of buildings, references to former applications or Orders of Government.	Remarks.

	mas' Mount.	Horse Artillery lines, enlarging the guard-room, estimate Rs. 3,200...	.....	...	...		3,200	0	0		.....	...	...		3,200	0	0		Three sentries are required by day over guard-room, gun-shed and canteen, (from its position) and one sentry by night over horse lines, making a total of twelve men and two Non-Commissioned Officers, whereas the guard-room (*Vide* page 15 of last sanitary report) ought only to accommodate six. One Prison-room is requisite for Court Martial Prisoners, and the other for Prisoners not sentenced: thus one of these rooms cannot be thrown into the guard-room as suggested by the Sanitary Commission in page 19 of their report. Neither can one of the rooms upstairs be used, as these rooms are intended for Battery Orderly rooms, it therefore becomes necessary to add on another verandah to the rear to be enclosed with venetions, when ample room can be found for the guard of two Batteries, and by enclosing a portion of the present back verandah, a room for confinement of men drunk and riotous can be made, which is necessary. It must be remembered that this guard is intended for two Batteries, when two more sentries will be required.

			Rs.		A.		P.		Rs.		A.		P.		Rs.		A.		P.		Rs.		A.		P.			
Districts.	Bellary.	Compound-wall with wash-house, privy and cook-house separate for each Staff Serjeants' quarters of three Native Corps.....	.....		...		...		.....		...		...		6,000	0		0			6,000	0		0			The range consists of six quarters standing under one roof. There is no bath room. Immediately in front facing the narrow verandah which the occupants of the quarters frequent of an evening for fresh air, are the cook rooms built in a range at the distance of 65 feet, and behind them two privies for all men and women. The whole stand exposed without any screen or enclosure. The manner in which the women, especially frequenting the latter places, are exposed not only to the inmates of the quarters, but to the public (for the buildings stand in a thoroughfare) outrages decency. It is proposed that these out houses be wholly removed and the materials used in running up appropriate and separate buildings in rear of the range, with an enclosure and separate wall between each. Further that the back verandah be widened and a portion enclosed as a bath room with an entrance to it from the smaller sleeping apartment.

Proceedings of the Madras Government

Read the following

Pro. of the Madras Govt. in the Military Depart.

(Home extract No. 3809 dy. 2nd Nov. 66

The Government
proceed to pass orders on
the List of Military works
for which His Excellency
the Commander in Chief
recommends that funds
should be provided in
the Budget of 1867/68.

2. The undermentioned
works will probably be
finished by the 31st
March next, and if so
not the small sums
which will be required
for their completion in
the next Official year
can

can be allotted from
the Reserve Fund on the
application of the Superintending Engineer of
the 4th Division.

	Amount applied for
Erecting corrugated Zinc shed to protect the Armstrong guns on the Sea face of Fort St Georges.	2,460
Constructing two wells & incorporating mills at the Gun Powder Manufactory:-	1,000
Laying down cast iron pipes to convey water from the seven Wells to the incorporating mills at the Gun Powder Manufactory	

3 The 8th item in the Statement is made up of two Estimates, viz.

Cemetery for Roman Catholics at St Thomas Mount	2,430
Do for Portuguese - do -	1,290

The

These Estimates were sanctioned in the Proceedings of Govt. No. 3125 dated 31st October 1864, and the Superintending Engineer was authorized, in G.O. No. 2910, dated 12 Septr 1866, to issue orders for the immediate execution of the former in anticipation of an allotment of funds later in the year. The latter Estimate should also be brought forward after the 1st April next, when a grant will be made for it from the Reserve.

The

4 The late Executive Superintending Engineer of the 4th Div. having reported that the following Works which should be completed by the end of August last, no provision for the work is necessary in the outgoing Budget -

Q. O. No. 2911 d/ 12th Sept. 1866.

5 The full amounts of the Estimates originally noted having been allotted in G.O Nos. 2816 and 3541, dated 1st September and 6th November 1866 respectively, the

Making certain alterations and additions to the Quarters occupied by Overseers and Sub Overseers at the Gun Powder Manufactory Goudhurry -	Full Estimated Amount 7300
Shed for Sick Cattle, Shed for Stores and harness, Ordnance Depôt Bellary	444 55

the works need not be included in the budget Estimate of 1867/68 - 1 6 The Estimate for a Cook-room and privy for the use of the Servants (viz. Non-Commissioned Officers) Quarters, A Gallery (Brigade, Royal Artillery) Quarters at Bangalore amounting to Rs. 2,270 and was sanctioned in G.O No. 1383, dated 13th May 1864 - The work being under Rs. 2,500 in cost, cannot under the Rules be entered in the budget but Colonel Foord will apply, in due course, for an allotment of funds for its execution -

For

8

The items noted in the margin will be excluded from the Budget pending the issue of Debentures in the Militia Department on the report which has been called for of the result of the trial which is being made in Fort St Genevieve and at Scotsmans Cabot to determine the suitability of Coals recently discovered requisite to carry into effect the obligations of Conservatives

Dry Earth Asylum of Concan
" Nancy - Wellington - 24,107
" do do Richmond - 3,690
" do do Bellamy and Ramandiere - 10,000

Maisonneuve

for the reasons explained in para 31 of the Budget Speech for the current Special year the Government think it unnecessary to provide the sum of $4,500 which is required for the Dufferin Quarantine Hospital and Buildings into the Estimates for Confederation - Should the measure be adopted to be carried out in 1867/68 the requisite funds will be given from the Revenue -

Marrack's pettah and
Bazar at Trichinopoly
until a report shall have been
furnished of the Cantonment
which shall have been selected
to be erected as can be
spared for the use
of the Native Regiment
at Vellore
Q. M. G. will be in
structed to the Military
Board with reference to the
first item in the Estimate
that the Military Board
may state whether any of
the buildings will be
spared by the Madras Presidency
Rs. 2500 having
been sanctioned in
G. O. No. 3541 dated

See G. O. July 6th 1866 - 28 Augt 1866 - also Engs/65 Proc. Nos 2563 & 3705 7/1865

6th November 1866, for the
Commissariat Godown
at Cannanore Rs.
2,260 remain to be
allotted for the com
pletion of that work,
the estimated cost of
which is Rs. 4,760
The Govt will en
deavour to provide
funds in the outgoing
budget for the last
mentioned work as well
as for the others which
are included in the
statement submitted
by His Excellency the
Commander in Chief
and are not included
above. Allotments ag
gregating Rs. 2,50,000
will be made for the
works connected with
the Race Course
Barracks

Barracks at Bangalore,
