*Proceedings of the Madras Government, Public Works Department,
10th January 1866.*

No. 251. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Camp, Aurumbakum, 23rd December 1865, No. 128 :—

1. Owing to the unexpected solidity of the ground on which the Chebrole bridge is being built, it is found that a saving of Rupees 1,600 (at least) will be effected.

2. I have, therefore, the honor to signify that this sum may be transferred from Item 118 of the Budget to Item 64. If this is done, it is possible that the Commanoor Channel may be with safety opened as far as the Allaroo, or within four miles of its terminus during the present year.

No. 252. ORDER THEREON, 10th January 1866, No. 122.
