*Proceedings of the Madras Government, Public Works Department,
12th January 1866.*

No. 294. Read the following Proceedings of the Board of Revenue, dated 18th December 1865, No. 8,090:—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Vellum, 15th November 1865, No. 371.

1. In their Proceedings, dated 11th October 1865, No. 6,435, the Board stated that the sum of Rupees 11,197, allowed for repairs to Salt works in this District, may be spent upon any works considered necessary. The Superintending Engineer, 6th Division, however, thinks that certain masonry works, which the Salt Deputy Collector wishes to carry out at once, must be *considered* as new works, and cannot, therefore, be carried out from the above allotment, unless special sanction is obtained to regard them as repairs.

2. I enclose estimates (to be returned) for these works, amounting to Rs. 4,110, for the perusal of the Board, and beg to request that they will be pleased to recommend to Government either to regard these works as repairs, or to obtain a special grant for carrying them out during the current year, as they are of great importance, and will most materially assist the manufacture and collection of Salt at Vedarnim.

ENCLOSURES Nos. 1 to 3.—Estimates.

Forwarded to the Secretary to Government, Department of Public Works, with the request that the execution of the works, which are materially needed in view to the extended manufacture of Salt at Vedarnim, may be sanctioned at once either as repairs or by transfer from the repairs provision, if no fresh grant can be assigned for the purpose.

No. 295. ORDER THEREON, 12th January 1866, No. 143.

CIVIL WORKS, No. 46.

The estimates which are submitted with this letter, amounting to Rs. 4,110, are approved. If, as appears from the

Collector's report, funds are available for transfer from the repair allotment of the Tanjore District, the Superintending Engineer is authorized to proceed with the works in anticipation of the sanction of the Government of India, and he will report the particular head from which he proposes to divert the amount.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 18th December 1865.

Read the following letter from G. L. MORRIS, Esq., Collector of Tanjore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Vellum, 15th November 1865, No. 371 :—

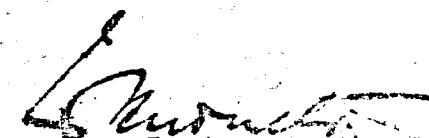

1. In their Proceedings, dated 11th October 1865, No. 6,435, the Board stated that the sum of Rupees 11,197, allowed for repairs to Salt works in this District, may be spent upon any works considered necessary. The Superintending Engineer, Sixth Division, however, thinks that certain masonry works, which the Salt Deputy Collector wishes to carry out at once, must be *considered* as new works, and cannot, therefore, be carried out from the above allotment, unless special sanction is obtained to regard them as repairs.

2. I enclose estimates (to be returned) for these works, amounting to Rupees 4,110, for the perusal of the Board, and beg to request that they will be pleased to recommend to Government either to regard these works as repairs, or to obtain a special grant for carrying them out during the current year, as they are of great importance, and will most materially assist the manufacture and collection of salt at Vedarniem.

ENCLOSURES Nos. 1 to 3.—Estimates.

Forwarded to the Secretary to Government, Department of Public Works, with the request that the execution of the works, which are materially needed in view to the extended manufacture of salt at Vedarniem, may be sanctioned at once either as repairs or by transfer from the Repairs provision, if no fresh grant can be assigned for the purpose. b7
