31-32	
Dated 3 1	18/6 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
3rd January 1866.*

No. 31. Read the following letter from the Executive Engineer, Trichinopoly, to the Secretary to Government, Public Works Department, dated Trichinopoly, 20th December 1865, No. 1,235:—

1. In continuation of my letter L tter from Superintendent Revenue Survey and No. 1,203, dated 18th December, I have evidence of Ramachendra Naidoo. the honor to state that I have ascertained from the Superintendent Revenue Survey that the survey of the village of Aroor, Namacal Taluq, Salem District, was commenced in April 1860, and completed in December 1862, a copy of his letter is enclosed.

2. I also enclose a summary of the evidence of Pensioned Overseer Ramachendra Naidoo, which he deposed first before the Superintending Engineer and afterwards before myself I propose to call him as a witness on the three reserved points being heard.

From the Deputy Superintendent, No. 1 Revenue Survey, to the Executive Engineer, Trichinopoly, dated Salem, 18th December 1865, No. 813.

1. At the request of the Assistant Superintendent in charge of the Survey Office at Madras, I have the honor to inform you that the field measurements of the village of Aroor, Namacal Taluq, were commenced in January 1860.

2. The boundary of the village was surveyed in April 1860, and all the measurements were completed in December 1862.

(True Copy.)

(Signed) T. GREENAWAY, Lieut.-Colonel,
Executive Engineer.

In the matter of Andapooram and Mooroonga Kollatur S.W.D.

1. Pensioned Overseer Ramachendra Naidoo deposed before me, on the 11th December 1865 that he has seen the Andapooram dam at intervals for the last 20 years.

2. That previous to 1850, it consisted of rough stone only, and was four feet high above the then bed of the river.

3. That the Mooroonga Kollatur dam was then six feet high above the bed and that when the water stood to level of the crown of the latter, the former was altogether submerged.

4. That in or about 1850, the Andapooram dam was pointed with chunam, the interstices between the rough stones being filled up, a rear apron formed, and the crest of the dam raised two feet.

(Signed) T. GREENAWAY, Lieut.-Colonel,
Executive Engineer.

No. 32. ORDER THEREON, 3rd January 1866, No. 14.

CIVIL WORKS, No. 6.

Communicated to the Government
Pleader.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Government Pleader.

„ Superintending Engineer, 6th Division.

„ Executive Engineer, Trichinopoly.
