Proceedings of the Madras Government, Public Works Department,
16th January 1866

No. 372. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp, Noosamkota, 11th December 1865, No. 176:—

1. I have the honor to submit, for the consideration of Government, the accompanying certificate from the Acting Garrison Surgeon of Bellary, recommending the removal of Mr. Sub-Engineer Colquhoun from this District on the score of the state of his health.

2. In the event of Government acceding to the request I beg that I may be granted the services of Serjeant Supervisor Hasler, who was lately (I have not got the order so am unable to give the number and date) transferred from Bellary to the Nellore District.

No. 373. ORDER THEREON, 16th January 1866, No. 179.

ESTABLISHMENT, No. 32.

The requirements of the public service do not admit of Mr. Colquhoun's transfer at present to the North Arcot or Salem Districts, but his application will be taken into consideration when an opportunity occurs.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division.

This is to certify that Mr. A. Colquhon Sub Engineer Bellary District has been, for some time, suffering from an affection of chest, which seems to be maintained and aggravated by the Climate peculiar to this District, and he is thereby prevented carrying out his duties, except at great personal inconvenience and discomfort. It seems to me highly desirable that he should be removed to a District where the climate may be more equable with less diurnal range of Thermometer, such as would probably be the case in North Arcot or Salem.
