*Proceedings of the Madras Government, Public Works Department,
4th January 1866.*

No. 37. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 24th November 1865, No. 2,191 :—

1. With reference to the appointment of Captain Oakes as Superintending Engineer, 1st class 2nd grade, which appeared in the Gazette of the 21st instant, page 752, I have the honor to bring to notice, for the information of Government, that this arrangement is not in compliance with the request contained in the concluding portion of paragraph 4 of Colonel Dickens' letter to your address, No. 1,438 E, dated the 23rd August last, and is therefore in excess of the scale of Establishments sanctioned by the Rules published with G. O. of the 26th September 1865, No. 2,845.

2. The appointment above referred to as well as that of Colonel Greenaway sanctioned in G. O. of the 10th instant, No. 3,364, will therefore be duly reported by this Office to the Accountant General, Department Public Works, as laid down in paragraph 9, Section 2, Chapter XX. of the new system of Accounts.

No. 38. ORDER THEREON, 4th January 1866, No. 17.

ESTABLISHMENT, No. 3.

1. His Excellency the Governor in Council observes that, if, in the opinion of the Controller, there was any thing irregular in the sanction which was given in the Orders of the 10th November 1865, No. 3,364, for the disbursement to Colonel Greenaway of the same amount of salary as he drew prior to the bringing into operation of the Orders of the Government of India of the 23rd August 1865, No. 80, it was the duty of the Controller to lay his views before the Government in a becoming manner, and to await their decision on any question he might raise before he adopted the course which he seems to think it was incumbent upon him to pursue. Captain Fischer will now be informed that before he takes upon himself to make any reference on the subject of the Proceedings of this Government, he will obtain their orders on any objections he may have to make to those Proceedings.

2. The confirmation of the appointment of Captain Oakes to be Superintending Engineer of the first class second grade was not a matter on which Captain Fischer was called upon to give any opinion, but the Government would have taken into due consideration any representation regarding it that the Controller might have wished to make had it been couched in properly respectful terms.
