*Proceedings of the Madras Government, Public Works Department,
16th January 1866.*

No. 376. Read the following letter from the Secretary to the Government of India, Public Works Department (Account), to the Secretary to Government of Madras, Public Works Department, dated Fort William, 14th December 1865, No. 1,051A :—

1. I am directed to acknowledge the receipt of your letter No. 2,982, dated 9th October 1865, applying for an additional grant for the current year of Rupees 1,23,364 on account of compensation for land taken up in former years for Public Works, but not yet paid for.

2. In reply I am to state that the case does not appear to the Governor General in Council to be one which calls for a special extra grant.

3. But I am desired to convey the authority of the Government of India to the disbursement of the amount this year, if it can be done within the limit of the total Public Works grant already made to Madras; if not, the necessary provision should be made in the Budget Estimate of the ensuing year. It is possible that towards the end of the year it may be found that as happened last year, the assignment of the current year will not have all been utilized.

4. Should any payments be made this year on the above account, I am to request that the re-appropriation of Budget credits necessary to meet them may be reported to this Office in due course.
