*Proceedings of the Madras Government, Public Works Department,
19th January 1866.*

No. 460. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 5th January 1866, No. 2,655 :—

I have the honor to submit, for the consideration and orders of Government,
the accompanying Travelling Allowance
1 Bill. Bill and Inspection Report of the Super-
1 Inspection Report. intending Engineer of the 3rd Division

for the month of December 1865, in which a claim is made for nine days full travelling allowance during the Christmas holidays ; the rules do not provide for exigencies of this kind, and as this Office has always disallowed similar claims when made by Executive Officers or Subordinates absent on casual or other leave, even when it had been certified that carriage for tents had been maintained, I beg to be instructed how I am to act in future in such cases, as I have no power to disallow claims of the kind when preferred by a Superintending Engineer, and I do not feel quite at liberty to pass the same as matters now stand.

No. 461. ORDER THEREON, 19th January 1866, No. 221.

ESTABLISHMENT, No. 37.

1. As, from the Inspection Report which is submitted by the Controller, it does not appear that Major Moberly travelled, or was engaged on public duty away from his head quarters during the Christmas holidays, his claim to travelling allowance for that period is clearly inadmissible.

2. These orders will guide the Controller in disposing of similar claims.
