REMARKS.

I. The allotment under Tools and Stores for the Godavery District having been exhausted, this transfer was necessary to admit of certain repairs to a Dredge and Punts being carried out.

II. The object of the extension is to increase the manufacture of Salt in order to meet the growing demand.

III. This amount has been transferred, as there is but little probability of the current year's grant for the Lawrence Asylum buildings being expended upon those works by 30th April next.
