Proceedings of the Madras Government, Public Works Department, 20th January 1866.

No. 495. Read the following letter from the Consulting Engineer for Railways, to the Secretary to the Government of Public Works Department, dated Madras, 4th January 1866, No. 3 :—

1. I have the honor, with reference to paragraph 2 of Order of the 18th ultimo, No. 3,793, to forward, for transmission to the Government of India, twenty copies of the "Rules for the guidance of Line Watchmen."

2. The Chief Engineer of the Madras Railway in writing to the Agent asks, whether it would not be better, before the Government of India circulate the Rules to other Governments, to await the receipt of the Revised General Rules and Regulations, now under preparation.

3. As the new Rules have been drawn up after very careful consideration, it seems highly desirable that a General Code for all Indian Railways should not be promulgated by the Government of India, until the new Rules in question shall have been brought under their consideration.

See paragraph 2 of Colonel Dickens' letter, No. 816R, dated 16th September 1865, G. O. No. 3.045.
