Proceedings of the Madras Government, Public Works Department, 23rd January 1866.

Read the following letters :—

No. 550. From the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 7th November 1865, No. 101.

With reference to paragraph 3 of G. O. No. 3,301, dated 2nd November, I have the honor to inform you that no establishment extra to that already allowed, is needed in this Division for the collection of license fees on the canals.

No. 551. From the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Camp at Guntoor, 20th November 1865, No. 109.

In reply to your Memorandum No. 228, of the 13th instant, I have the honor to inform you that the only establishment employed in collecting license fees is that authorized by Government in G. O. No. 298, dated 28th January 1864, for the superintendence of the navigation of the canals, viz. :—

	RS.
1 Navigation Superintendent	50
1 Lascar	5

The various Lock Gumastahs register the numbers, and examine the licenses of all boats passing through the locks, reporting all irregularities. The above establishment is paid by Government on regular monthly bills, after audit by the Controller.

No. 552. From the Officiating Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Waltair, 14th December 1865, No. 2,107.

1. With reference to G. O. No. 3,301 of 2nd ultimo, I have the honor to report that, in the Godavery District, the boat license fees are collected in Nos. 1, 2, and 3 Ranges, and that one Registering Clerk, on a salary of Rupees 30 per mensem, and two Lascars at 6 Rupees each, are entertained for the purpose in each of the Ranges Nos. 1 and 3; also, that no extra establishment is entertained in No. 2 Range, as the collection of fees has hitherto been managed by the existing Navigation Establishment of that Range.

2. It seems, however, desirable that provision should be made in the coming year's Budget, Part IV., for three Registering Clerks and six Lascars, at an aggregate monthly cost of Rupees 126, as shown in the margin.

No. 553. ORDER THEREON, 23rd January 1866, No. 265.

ESTABLISHMENT, No. 45.

No. 3,301, dated 2nd November 1865.

1. The foregoing papers are the reports which, in the Order marginally noted, were called for of the establishments that will be required for the collection of license fees on the Godavery and Kistna Canals.

Proceedings of the Madras Government, Public Works Department, 23rd January 1866.

2. An establishment at a monthly cost of Rupees 126 is proposed for the Godavery District. In the Kistna, no special establishment is said to be necessary.

3. From paragraph 1 of the letter from the Officer late in charge of the 1st Division, under date the 14th December 1865, the Government observe that the cost of the establishments now employed in Nos. 1 and 3 Ranges of the Godavery District for the collection of license fees is Rupees 84 per mensem, and that in No. 2 Range the collections are made by the Navigation Establishments. No explanation is given of this difference, and, as there seems to be no reason why, if in one Range the collection of the license fees can be managed without any addition to the establishment chargeable to the Public Works Budget, it cannot be equally well managed in the others by their respective Navigation Establishments, the Government direct that the maintenance of a separate establishment in Nos. 1 and 3 Ranges be discontinued, and that the duty of collecting the license fees throughout the Godavery District be performed by the Navigation Superintendents in the same manner as in the Kistna District.
