*Proceedings of the Madras Government, Educational Department,
20th December 1865.*

No. 30. Read the following letter from the Principal of the Civil Engineering College, to the Superintending Engineer, 4th Division; dated Chepauk, 22nd November 1865, No. 601.

With reference to Government Order, No. 342, dated 10th November 1864, I have the honor to request that you will be good enough to solicit further orders of Government regarding the erection of new family quarters for the accommodation of ten married Military Students, and the Serjeant Major and Serjeant Instructor in Bricklaying, attached to the Civil Engineering College.

2. Though I admit that the present quarters were perhaps never during my connection with the College in better repair than they are at present, they nevertheless are most unsightly and unsuitable, and cannot possibly last much longer.

3. Quarters of the nature sanctioned in Government Order, No. 253, dated 14th October 1863, and No. 236, dated 27th August 1864, would fully meet our requirements, while those referred to in your

No. 3032, dated 22nd October 1864, to the address of the Secretary to Government, Public Works Department, Fort Saint George.

letter as per margin, on which the most recent order of Government was passed,

appear to me to be faulty in design, and excessive in cost, and I should be sorry to see such erected.

4. I would only add that the site immediately north of the Public Works' new workshops seems the most appropriate for new quarters, but that other suitable sites could be found in the Chepauk compound.

No. 2993.

Submitted to Government, for orders.

2. The Principal of the College considers that the existing quarters, though most unsightly, unsuitable, and not calculated to last much longer, were never in better repair than they are at present.

3. In G. O., in the Educational Department, No. 342, dated 10th November 1864, the Government directed the project to be laid aside for the present, but, if there should be now any hope of their being sanctioned for execution, the Plans and Estimates referred to in the first part of paragraph 3 of the Principal's letter will be re-forwarded for sanction.
