*Proceedings of the Madras Government, Public Works Department,
5th February 1866.*

No. 144. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 27th January 1866, No. 3,853 :—

1. I have the honor to forward, for the sanction of Government, an estimate
1 Estimate. Rupees 2,550 for re-constructing that

viz., from Madras to Trivatore, *en route* to Ennore, called the Mint Road (to distinguish it from the other two roads leading from Madras to Trivatore).

2. The state of this road has long been the subject of complaint, and on my passing over it about two months ago, I had much reason to observe with how much justice these complaints were made. The fact is, that the road crust has been almost entirely worn away, so that the maintenance allowance, Rupees 340, is of no avail for its restoration.

3. I trust that Government will be able to grant immediate sanction to this estimate, and I hope that when the Savings Statements are received, I shall be able to allot funds for the purpose.

No. 145.

ORDER THEREON, 5th February 1866, No. 445.

CIVIL WORKS, No. 14.

1. The Government sanction the estimate, amounting to Rupees 2,550, which has been submitted with this

letter for improving the portion of the Ennore road between the Municipal limits on the Mint Gate Road and Trivatore in the Madras District.

2. Provision to the full amount of the estimate has been made in the Budget for the ensuing year.
