*Proceedings of the Madras Government, Public Works Department,
7th February 1866.*

No. 190. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Department Public Works, dated Camp, Kistnamachettypully, Cumbum, 25th January 1866, No. 200:—

1. With reference to paragraph 1 of Government Order No. 221 of the 19th instant, I would beg to observe that during the Christmas holidays I kept up carriage for my tents and furnished a certificate to that effect, and though I myself did not travel on public duty, yet I sent my bandies down the road from Cuddapah to the Madras frontier in order that, as soon as the holidays were over, I might march back along the road and inspect the same.

2. Under these circumstances, as carriage for my tents was *bona fide* kept up, and as the bandies did travel during the Christmas holidays, I trust that Government will re-consider their decision and allow me the travelling allowance I claimed: if not I beg to know how I am to be re-imbursed for the expenditure I incurred in keeping up the carriage, and despatching them so as to meet me at the end of the holidays.

3. If the Controller had asked me the grounds on which I claimed travelling allowance during Christmas, I could have furnished him with this explanation, which would have saved the present reference; instead of that he submitted the question to you without any explanation from me, and only let me know two days ago, on my bringing to his notice that I had not received my passed travelling allowance bill, that he had done so.

No. 191.

ORDER THEREON, 7th February 1866, No. 469.

ESTABLISHMENT, No. 16.

Had the Superintending Engineer proceeded to Madras on public business, or had he been detained at any place

within his Division in the execution of his duty while he sent forward his carts, he might, in that case, be entitled to travelling allowance during the interval; but, under the actual circumstances, the Government see no reason to alter the decision contained in their Proceedings No. 221, dated 19th January 1866.
