*Proceedings of the Madras Government, Public Works Department,
7th February 1866.*

No. 208. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Tiroopoovanum, 26th January 1866, No. 2,155:—

1. I have the honor to report that I propose to make the following transfer of funds, for New Works, during the current official year:—

	Allotment 1865-66.	Amount to be given up.	Amount required.
	RS.	RS.	RS.
Madura, No. 130, bridge across the Shanmuganady river	11,545	3,000	...
No. 134, Paumben cutting, inner angle of reef channel	3,150	1,200	...
Constructing Road No. 26, from Tiroomungalum to Pulney, sanctioned by G. O. No. 3,453 of 25th November 1863... ..	8,097	...	3,200
Constructing road from Mooreco- lum to Yettivil, sanctioned by G. O. No. 2,536 of 31st August 1865... ..	3,000	...	1,000
Total	...	4,200	4,200

Judging by the expenditure incurred up to last month, and the Range Officers' statements of their expectation of further outlay, I think it necessary that the allotments for the two first mentioned works should be reduced, and in order that the funds may be utilized the next two works are the only ones to which a transfer can be made.

2. In another month I shall submit a statement of general re-distribution of funds for the close of the year, and I may find that the figures of transfer given above should be modified, but as this is the valuable working season, I shall be glad to have the authority of Government for transferring funds between these particular works, so that the Range Officers may have timely notice to carry on additional work on the increased allotments.

No. 209. ORDER THEREON, 7th February 1866, No. 478.

ACCOUNT, No. 20.

Road from Moorecolum to Yettivil.

The proposed transfers of funds are sanctioned, subject as regards the work marginally noted, to the approval of the Government of India.
