*Proceedings of the Madras Government, Public Works Department,
13th February 1866.*

No. 302. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 31st January 1866, No. 1,754 :—

1. I have the honor to inform you that Mr. Sub-Engineer Maitland reported his arrival in the District on the 13th instant, and has been placed in charge of the lower anicut works.

2. Mr. Maitland will of course be chiefly at the lower anicut, but he may have to visit Negapatam, Needamungalum, Combaconum, &c., &c., at times, relative to the procural or despatch of materials ; under these circumstances I am anxious to know what travelling allowance may be passed for him. I would suggest that while at the anicut itself, he should be allowed half his travelling allowance under G. O. No. 3,078, dated 16th October 1865, and the whole allowance on the days on which he is absent on duty from the anicut.

3. As Mr. Maitland has been specially selected for the charge of the lower anicut, and has been put to some expense and much inconvenience by being removed from the 4th Division, I trust the Government will deal liberally with him with regard to his travelling allowances.

4. I have not made this application through the Controller's Office, which I conceive would have been the method which would involve the least correspondence, if his opinion is to be obtained, because on a recent occasion that Officer informed me that his Office could not be made the channel of communication between the Government and the Superintending Engineers.

No. 303. ORDER THEREON, 13th February 1866, No. 524.

ESTABLISHMENT, No. 26.

As a special case, the Governor in Council accedes to the recommendation of the Superintending Engineer of the 6th Division on behalf of Mr. Sub-Engineer Maitland ; but His Excellency considers that the officer in charge of the re-construction of the anicut should not leave the work unless under urgent circumstances.

Sir,

I have the honor to inform you that
Mr Sub Engineer Mailland reported his
arrival in the District on the 13th Instant
and has been placed in charge of the
Lower Amicut Works.

2 Mr Mailland will of course be
chiefly at the Lower Amicut, but he
may have to visit Negapatam, Neer-
damungalam, Combaconum &c &c at
times, relative to the procurement or
despatch of Materials; under those
circumstances I am anxious to know
what Travelling Allowance may be
passed for him - I would suggest
that while at the Amicut itself, he
should be allowed half his Travelling
Allowance under G. O. No 3078 dated

16th October 1865, and the whole allowance on the days on which he is absent on duty from the Amnicut.

3 As Mr Maitland has been specially selected for the charge of the Lower Amnicut and has been put to some expense and much inconvenience by being removed from the 4th Division, I trust the Government will deal liberally with him with regard to his Travelling Allowances.

4 I have not made this application through the Controller's Office, which I conceive would have been the method which would involve the least correspondence if his opinion is to be obtained, because on a recent occasion that Officer informed me that his Office could not be made the Channel of Communication between the Government and the Superintending Engineers.

I doubt that the Board have not yet decided upon the
 arrangement in our place. I would like to see the
 Board on the subject. I am sure that a special case,
 should be made for the Governor in Council —
 and the Board should be recommended to the
