Proceedings of the Madras Government, Public Works Department, 12th January 1867.

No. 224. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 3rd January 1867, No. 3,112:—

1. I have the honor to report, for the information of Government, that on the evening of the 19th ultimo I proceeded to Bangalore to meet the Accountant General, Public Works Department, and inspected, with him, Captain Tulloch's Office, on the 21st. Major Chesney appeared to be satisfied generally with the accounts, as kept by that Officer, and also with the information he was ready to supply, in explanation, on any points which were selected for remark; there were a few details which required to be more clearly exhibited, and I took the opportunity of remaining in Bangalore on the 22nd, and going into these with Captain Tulloch.

2. It does not appear Captain Tulloch considered it necessary to make any check measurements of the works for which his Contractors submitted bills; detailed measurements are made by the subordinates in charge of the works, and these are recorded on sheets of paper, and when called for were forthcoming; but the more methodical way would be to record all these detailed measurements in Office books, which would be readily accessible, and this will now be done; at the same time the Range Officer will take the necessary check measurements for the future.

3. The Register of works was not complete when I saw it, and, by an oversight, it appears no Contractors' ledgers had been kept up and sent to this Office; but this also had been overlooked here. In other respects Captain Tulloch's Office work appeared to be performed with regularity, and great care and attention.

4. I would take this opportunity to observe, that, when works are executed on contract, and certificates, in the proper form regarding them, are submitted to this Office, there is no occasion to enter the details of the items in the Progress Report, in support of the expenditure for the month, as these already appear in the certificates; and with the sanction of Government, I will issue a Circular to Range Officers, to omit these in their future Monthly Progress Reports.

No. 225. ORDER THEREON, 12th January 1867, No. 108.

ACCOUNT, No. 17.

1. Communicated to the Superintending Engineer of the 5th Division.

4. The suggestion in paragraph 4 is approved.
