Proceedings of the Madras Government, Public Works Department,
14th January 1867.

No. 240. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Virdachellum, 4th January 1867, No. 161 :—

1. With reference to the Memorandum which accompanied G. O., No. 3,938, of the 14th of December last, I have the honor to state that, on the 10th of May 1866, I forwarded to the Inspector of Normal Schools and Presidency Division an estimate for the Zillah School-house at Cuddalore, in accordance with a standard plan furnished to me by him.

2. The estimate amounted to Rupees 10,800, that is Rupees 800 over the amount available. In my letter to the Inspector I pointed out how the cost of the building might be kept within the prescribed amount, without reducing the number or size of the rooms. Up to this date I have received no reply to my letter; the School-house has not been commenced, and now another working season is likely to pass without any thing being done.
