G.O. No. 1207	Press Mis.
415-16	
Dated 24-11-1867.	

Not to be folded or roughly handled

No. 415. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Madura, 11th April 1867, No. 78 :—

1. I have the honour to submit a Statement of transfers of funds, which I have made towards the close of the past official year, with a view to the full utilization of the available funds, and for the following reasons :—

Enclosure 1.

(1.) I had applied in letter No. 1,869, of the 29th January 1867, for an extra grant of Rupees 2,000 for Road No. 26 in the Madura District, but funds were not given ; at the same time there was so large an unexpended balance at the end of January on Road No. 8 in Tinnevely, that I feared the allotment would not be laid out, and made a transfer of Rupees 500, both works coming under the same Budget head.

(2.) The Superintendent of Operations at Paumben wrote quite lately that he had a sum of Rupees 835, which he could not expend on the roofing of the Paumben Jail, and rather than let the money be lost, I transferred it to Road No. 26, *i. e.*, from Reserve Civil Buildings to Original Communications.

(3.) There not having been any expenditure on the allowance of Rupees 300 for measuring the issue of water from the Ellendacolum tank, this sum has been turned to account, under the same head, Minor New Works, Agricultural.

(4.) Sanction was given in G. O. No. 421, of the 12th February 1867, for the transfer of Rupees 618 from the Station-house at Dindigul, to provide funds for the huts at the Madura new Jail ; but near the close of the year there being Rupees 76 available for Minor New Works, Agricultural, I have transferred that sum, and taken, the difference, only Rupees 542 from the Dindigul Station-house.

(5.) There having been an excess expenditure of Rupees 25, in the construction of a platform boat for the Tambrapoorney river, on an estimate sanctioned from Income Tax funds, I have provided for the excess from a balance of the same funds, Rupees 57-12-0, which was sanctioned for appropriation to the Tuticorin road, this being the only available source to meet the expenditure.

2. On the above explanations, I trust the Government will be pleased to authorize the transfers to allow of the Controller passing the accounts. The general results of the year's expenditure has been—

	Imperial allotment.	Expenditure.	Balance unexpended.
