Proceedings of the Madras Government, Public Works Department,
14th January 1867.

No. 248. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 3rd January 1867, No. 199 :—

1. By an oversight in taking from the estimate the figures marginally noted in the letters from Major Farewell and myself printed with G. O. No. 247 of 22nd January 1866, the sum of Rupees 1,332, being the cost of altering only *one* Hospital Privy, has inadvertently been entered, instead of Rupees 3,996, being that of altering *three* Hospital Privies. I have accordingly the honor to request that sanction may be accorded for an additional sum of Rupees 2,664. Also, that Rupees 5,223 may be transferred to this work from Budget Item No. 23 (the Military Prison not yet sanctioned), to admit of completion of the Privies attached to the Barracks and Hospital within the current official year, leaving only those belonging to the Staff and Married Quarters to be altered in 1867-68.

2. I take this opportunity of bringing to notice the fact that although these works have been in progress nearly twelve months, no provision has yet been made for working the dry conservancy system at Wellington. The consequence is that the Regimental authorities are at a loss how to make use of the remodelled Privies when handed over to them.

NOTE.—The explanation afforded in paragraph 1 of this letter, meets the call made in paragraph 55 of Government Order No. 3,938 of 14th December; with the remark that Rupees 2,664, and not Rupees 2,654 should have been the sum added to the amount of the original estimate in the Budget Statement of the 7th Division.

No. 249. ORDER THEREON, 14th January 1867, No. 121.

ACCOUNT, No. 20.

1. The proposals made in paragraph 1 of this letter are approved, subject, as respects the transfer of Rupees 5,223 from the Budget allotment for the Military Prison at Wellington, to the sanction of the Government of India. The estimate for alterations to the Privies at that Station will hereafter stand at Rupees 30,786.

2. As it is unlikely that any portion of the Budget allotment* for the Military Prison will be appropriated to that work during the current official year, the unallotted balance† of the grant will be made available for the works in Bellary for which funds were promised in G. O. 22nd December 1866, No. 4,067. The Superintending Engineer of the 3rd Division will report the specific works to which he would propose to divert that balance.
