No. 463. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 22nd March 1867, No. 4,291:—

1. With reference to G. O. No. 733, of the 12th instant, I have the honour to state that it is not possible to carry out an immediate reduction of any branch of my Office Establishment only recently sanctioned on the scale approved by this Government, without curtailing the salaries of existing incumbents, or diminishing its strength now barely sufficient for its continually increasing duties from the additional accounts rendered by newly formed ranges or special executive charges created.

2. As the Government of India in approving of the special sanction given by this Government to the Head Accountant's salary being raised to the maximum rate of 500 Rupees, allowed it as an addition to the total cost of the scale sanctioned for the entire establishment, I beg that the Government will be pleased to reconsider their decision in his case, and grant it to him as a personal allowance from the time first sanctioned, to cease with the present incumbent, as in the instance

* G. O. No. 1,089, dated 29th April 1863. noted in the margin,* the charge being met from the general savings on establishments, as is allowed in the cases of the establishments given for the Wynaad Division; but should the Government still require the extra cost to be ultimately absorbed as opportunities may arise, I beg to propose the accompanying modified scale to be carried out as vacancies arise, which I have so arranged as to secure the present strength with better efficiency for the working of the duties of the office, particularly of the Audit branch, so as to secure a more prompt monthly audit and clearance under the new system.
