Proceedings of the Madras Government, Public Department, 18*th April* 1867.

No. 78. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, Fort Saint George; dated Madras, 17th April 1867, No. 123.

Attacks of Fever and Cholera are of frequent occurrence at Condipoorum. A large number of work-people will be collected there for many months—some of them employed on the great bridge over the Chittravutty; others on their way to the Railway works beyond the river.. It appears most desirable that measures shall be taken to secure, as far as possible, the sanitary condition of the Camp. I recommend, therefore, that the services of Doctor vanSomeren may be placed at the disposal of the Madras Railway Company, from Monday the 22nd instant to Wednesday the 24th, both days included, in order that he may visit the site, and lay down rules for the conservancy of the Camp.

From the Agent and Manager of the Madras Railway Company, to the Consulting Engineer for Railways; dated Madras, 16th April 1867, No. 144.

I have the honor to submit, for the information of Government, copy of a communication, received this afternoon, from the Chief Engineer, and, with reference thereto, to request that the services of Doctor vanSomeren may be placed at my disposal, from Monday the 22nd instant to Wednesday the 24th instant, both days inclusive, in order to enable him to visit the Chittravutty river, and, in concert with the Engineer and Apothecary, lay down rules for the conservancy of the Camp now being formed there.

From the Chief Engineer, Madras Railway Company, to the Agent and Manager, Madras Railway Company; dated Madras, 16th April 1867, No. 203.

Mr. Anderson, in his quarterly report, has commented upon the defective sanitary arrangements at the Chittravutty River, and, as large numbers of work-people will probably be collected there during the coming season, has recommended that the Consulting Physician be requested to visit the place, and lay down rules that the Apothecary in charge would be directed to see carried out.

2. I think this would be a very desirable course, and would feel obliged if you would apply to Government to have Doctor vanSomeren's services made available for this purpose at an early date.

Referred to the Public Department.

(Signed) C. A. ORR, Colonel, R. E.,

17*th April* 1867. *Secretary to Government, P. W. D.*

No. 79. ORDER THEREON, 18th April 1867, No. 399.

Communicated to the Inspector General, Medical Department, who will make the necessary arrangements for placing Doctor vanSomeren's services at the disposal of the Consulting Engineer for Railways, from the 22nd to the 24th instant.

(True Extract).

A. J. ARBUTHNOT,
Chief Secretary.
