Read the following

Proceedings of the Madras Government, Public Works Department,
10th April 1867.

No. 230. Read the following letter from the Officer in charge of the Superintending Engineer's Office, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 3rd April 1867, No. 8:—

1. No provision having been made in the Budget for 1867-68, for irrigation repairs in the Tanjore District, and the Collector having received no directions on the subject, these repairs are delayed.

2. Several estimates for the repair of masonry works have been submitted, and it is absolutely necessary that these repairs should be carried out immediately to allow the chunam to set before freshes come down the river. I have, therefore, directed Range Officers concerned to commence such works at once, charging the expenditure to "Miscellaneous Advances," which arrangement, I trust, will meet with the approval of Government.

3. The estimates referred to are all of small amount, and I propose that all works commenced in this way shall be completed by this department, the accounts, after completion, being submitted to the Collector, and the advance recovered from the Revenue Department.

No. 231. ORDER THEREON, 10th April 1867, No. 1,115.

IRRIGATION, No. 13.

The proceedings of the Superintending Engineer of the 6th Division reported in this letter are approved.

Further orders will be issued in the Revenue Department.
