Sirs

In reply to your letter of
27th 29th March per margin. I have the honor
Requesting inform. to inform you that 2 of Colonel
Annis Cooking ranges were put up
at the request of the Executive Engineer
who wished to have them tried.
As they were understood to belong
to the ranges sent some time ago
for the Infantry Regiment they
were placed in the Cook houses of
the present Lancers Barracks -
which will eventually be occupied
by the Infantry Regiment.

2. The ranges have not been
fairly tried yet, because the
flues were considered unsafe un-
til they were removed from contact
with the eaves of the roof.

3. When this defect has
been remedied one range will be
tried by the Lancers and one
by the 2nd 10th and a report made
on them.

4. Colonel Fox's letter and accompanying estimate are herewith returned as requested.

Since writing the above a report has been received of Colonel Orr's range by the Sergeant Cook 15th Lancers. It is herewith enclosed. The range appears to have been a few days in use, and is pronounced more adapted to a private family than to a Regiment.

Sir,

In reply to your Memo. N^o 103 of the
4th instant, I have the honor to state
that Lieutenant Pennycook, Executive Eng^r,
Bangalore, has informed me, that Captain
Tulloch executed the work in obedience to

16th Lancers Barracks, Ruper 136.

a verbal order from
Colonel Orr, and
that it was completed

before the estimate had been sanctioned.

2. The amount of the bill has been paid
to the contractor, for it was not considered
fair that he should be kept waiting for
his money on account of this omission.

I have the honor to be

Sir,

Your most obedient servant.

The New Range in the Native
Cook-house has been in use. The Oven
will bake joints & very well but the
Plate for Boiling purposes is very
slow being more adapted for Soup
than the Copper Boilers now in use.
The Range is more suitable for private
families than for Troops.
