*Proceedings of the Madras Government, Public Works Department,
3rd May 1867.*

No. 82. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 25th April 1867, No. 418:—

1. With reference to paragraph 3 of G. O. No. 310, dated 31st January 1867, I have the honour to request that you will be good enough to obtain the sanction of Government for the entertainment of an establishment (as per margin) for Captain Magnay, Executive Engineer in charge of the Madras Water Works.

	RS.
1 European Overseer, Mr. Primm...	100
1 Draughtsman	40
4 Sub. Overseers at 25 Rupees each	100
1 Storekeeper	15
2 Lascars for Mr. Overseer Primm, at Rupees 7 each	14
	269

2. The establishment has been appointed in anticipation of the sanction now solicited.

3. Captain Magnay also solicits permission to pay his European Overseer travelling allowance at Rupees 1-8-0 per diem, charging the same to the work, as a sum of Rupees 25,172 is entered in the sanctioned estimate for contingencies; but it appears to me that pony allowance at 15 Rupees a month should suffice, being what Corporal Primm drew when he was Surveyor under Mr. Fraser.

No. 83. ORDER THEREON, 3rd May 1867, No. 1,332.

ESTABLISHMENT, No. 8.

1. The Government sanction the entertainment of the Establishment applied for in this letter for the use of the Officer in executive charge of the Madras Water Supply project, and direct that the cost, including horse allowance at the rate of Rupees 15 per mensem to the European Overseer, be defrayed from savings on the grant for Establishments.

2. As the duty on which Captain Magnay is employed is both important and onerous, the Government consider that the allowance payable to him in the Public Works Department should not be less than the staff salary of an Assistant Engineer of the second grade. Rupees 200 will accordingly be disbursed to Captain Magnay from the commencement of the current official year.
