No 1359

To

The Secretary to the

Government of India

Dept

Sir,

I am directed by the Right Honorable the Governor in Council to submit the accompanying application for an increase to the strength of the Executive Establishment of the Public Works Department of the Madras Presidency.

2 In support of this application, I am to state that the Executive branch

branch of the Department as re-modelled in 1863, was constituted with the closest adherence to its then actual requirements, and though a small addition to it was made in a subsequent year, the executive is still so weak that no Officers can be detached from their respective charges for employment either in the search for, and the investigation of, irrigation projects, or in the execution of special undertakings without causing serious inconvenience, and greatly impeding the progress of the ordinary operations of the Department.

3 His Excellency in Council is very desirous that every exertion should be made to have a large number of Irrigation schemes matured, and the plans and estimates prepared as early as possible in a complete and practical form for submission to the Government of India so as to admit of the works being undertaken

undertaken and vigorously prosecuted as soon as the funds can be provided. In order to this, and to provide more efficient superintendence for the increased work devolving upon the Department, His Excellency feels that an augmentation of the present strength of the Engineer grades is absolutely necessary, and I am now to request the sanction of the Government of India to the entertainment of

of 8 additional Officers at an aggregate cost, inclusive of all charges, of Rupees 76,232 per annum, as follows.

		Rs	Rs
1 Executive Engineer 1st grade	@	900 × 12 =	10,800
1 do	2d do	@ 750 × 12 =	9,000
1 do	3d do	@ 600 × 12 =	7,200
1 do	4th do	@ 500 × 12 =	6,000
1 Asst Engineer	1st do	@ 400 × 12 =	4,800
3 do	2nd do	@ 300 900 × 12 =	10,800
Military Pay and allowances			5,000
8 Office Establishments	@ Rs 103	824 × 12 =	9,888
