Exd. S. T. Augustin.

Proceedings of the Madras Government, Revenue Department,
30th April 1867.

No. 433. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp, Culliandrug, Dhurmaverum Talook, 10th April 1867, No. 85:—

With reference to G. O. No. 3,526, of 5th November 1866, I have the honour to submit a plan and estimate* for preparing a channel at Anantapore for carrying out the experiment to ascertain the quantity of water per acre per hour required for paddy cultivation. I also submit a sketch of the piece of land on which the experiment is to be conducted, and beg to inform you that I have seen it, and consider no better piece of ground could be found in that neighbourhood.

* Rupees 216.

Referred to the Revenue Department, in order to the sum applied for by the Superintending Engineer of the 3rd Division being made available for the proposed experiments—See paragraph 3 of Revenue Proceedings No. 2,945, of the 31st October 1866.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

17*th April* 1867.

No. 434. ORDER THEREON, 30th April 1867, No. 971.

Miscellaneous.

The Government sanction the expenditure of Rupees 216 for the work in question.

(True Extract.)
