Proceedings of the Madras Government, Revenue Department, 1st May 1867.

No. 7. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 26th April 1867, No. 460 :—

1. Early in July 1865 the Collector of Madras forwarded to me a letter from his Deputy Collector, pointing out that a Coal Godown belonging to the Revenue Department, situated near the Royapooram Railway Station, was available for storing Arrack, and he suggested that the following alterations, &c., might be made to render the building in all respects suitable, viz. :—

1 Abstract Estimate.

1.—Retiling the whole building with flat and pantiles.

2.—Removing railing at top of walls, and substituting walls and inserting twelve windows.

3.—Strong doors to be fixed in lieu of present doors, considered too weak.

4.—Platforms to be erected for vats to stand upon.

2. The enclosed estimate, Rupees 2,140, was accordingly prepared, but on the 5th October 1865 the Collector requested that the work might be postponed until after the monsoon. The subject seems to have been allowed to drop until the 15th instant, when the Deputy Collector again called for the required improvements to be carried out, and the Collector, in a Memorandum to my address, asked on the same day that the work might be executed as soon as possible.

3. The works required are not repairs, as styled by the Collector's department, but involve sundry improvements, and therefore I have now the honour to submit the estimate, Rupees 2,140, for the sanction of Government out of the Reserve Civil Buildings.

Referred to the Revenue Department.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
