2. The Receipts, as estimated by the Local Governments, have been adopted in full in the  
Financial Statement for 1867-68.

3. In the Charges, the following alterations have been made :—

*Bombay.*

Deducting Rupees 24,740 on account of an over-estimate in the 3rds cost of coal expected to  
arrive from England, and adding Rupees

| Muscat, Kurrachee, Bushure, and Bassadore           |     |          |          |
| Total                                               | ..  | 1,86,800 |          |

1,86,800 on account of the items\* transferred  
from the Telegraph Department to the head of  
Marine to which they properly appertain, now  
that the charges for the Indo-European Tele-  
graph have been readmitted in the Telegraph  
grant, the estimate of Marine Charges at Bombay has been fixed at Rupees 22,52,870, pending  
the submission of a detailed estimate of the charges for the several vessels which the Bombay  
Government was recently asked to furnish.

*Madras.*

The Accountant General, Madras, has estimated the value of coal and marine stores to  
be received from England, payable in India, at Rupees 65,000, but from an estimate received  
from the Secretary of State, it appears that the 1/2d value payable in England will amount to  
£1,906, or Rupees 19,060, which will leave 3rds, amounting to only 38,120, to be paid in India.  
The difference of 26,880 has, accordingly, been deducted from the local estimate.

A further retrenchment of Rupees 10,000 has been made on account of the establishment and  
working charges of the Paumben Steam Tug, for which no application has been received by the  
Government of India. With these deductions, aggregating 36,880, the grant for Madras has been  
allowed at Rupees 1,99,700.

*British Burmah.*

The charge for coal and fuel to be purchased in this country having been reduced, with  
reference to the estimates for the current year, and pending the receipt of proper explanation, by  
Rupees 27,999, the estimate of Marine Expenditure in British Burmah has been fixed at Rupees  
2,55,740

*Punjab.*

The Accountant General is requested to submit detailed estimates of the Marine Expenditure  
of the Province for 1867-68.

*Proceedings of the Madras Government, Marine Department,  
29th April 1867.*

With the alterations noticed above, the grants under Marine have been fixed as follows :—

|                       | RS.       |
|-----------------------|-----------|
| Bengal ... ..         | 25,40,110 |
