*Proceedings of the Madras Government, Public Works Department,
8th May 1867.*

No. 206. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated 24th April 1867, No. 143:—

1 Statement

1. I have the honour to recommend, for the consideration of Government,

that the salary of the Store Goomastah at Paumbem may be raised from Rupees 15 to Rupees 25 a month.

2. The Government sanctioned an increase in the salary from Rupees 12 to Rupees 15 in their Order No. 3,449, of the 2nd December 1864. The Store Goomastah has been employed for upwards of twenty years, of which ten years have been passed in his present capacity. He has, besides the charge of the stores and accounts of them, the supervision of the workshop, the duty of procuring materials, and making up the charges for blasting. This man has received a donation of

Rupees 100* for his invention of boxes of the stem of the wild aloe, to hold

the charges of powder for blasting; and he has been recommended for an increase of salary by the Superintendent of Operations, both in the last year and the present year. The cost of living at Paumbem is particularly high, and the position of the Store Goomastah is equivalent in responsibility to that of a Maistry who receives Rupees 25; hence, on the additional ground of long and approved service, I trust the Government will think fit to sanction the proposed increase.

* Rupees 15 per mensem

Under the circumstances explained in this letter, the Government sanction the proposed increase of 10 Rupees to the salary* of the Store Goomastah on the Temporary Office Establishment at Paumbem, the additional charge being met from Savings under the head of "Petty Establishments."
