*Proceedings of the Madras Government, Public Works Department,
13th May 1867.*

No. 301. Read the following letter from the Secretary to the Government of India, Public Works Department, (Irrigation), to the Secretary to the Government of Madras, in the Public Works Department, dated Calcutta, 24th April 1867, No. 53 I:—

1. I am directed to acknowledge receipt of your letter, No. 1,024, dated 2nd April 1867, submitting a list of irrigation projects which it is proposed to carry out at once from funds to be raised on loan, and suggesting that the provision already made in the Budget for seven of these projects may be thus set free and placed at the disposal of the Government of Madras for expenditure on such other pressing works of public improvement as may appear to that Government to be urgently required during the current year.

2. In reply, I am directed to explain that the loans to be raised for the prosecution of remunerative works are not for the purpose of enabling the Government to go on with fresh works not included in the Budgets, but to enable the Government of India to meet the expenditure according to the grants allowed and passed in the Budgets. The seven projects in question have already been provided for in that part of the Budget which is to be raised on loan, and the wishes of the Madras Government have, therefore, been so far anticipated; but no additional Budget grant can be made as desired.

3. Of the two projects not provided for, the estimate for one (No. 9 on the list) requires revision; the other (No. 8) is a small work, within the power of the Government of Madras to sanction, and there is no objection to its being proceeded with at once, if it can be arranged to provide the necessary funds by re-appropriations from other Budget allotments.

No. 302. ORDER THEREON, 13th May 1867, No. 1,441.

IRRIGATION, No. 19.

Ordered to be recorded.
