*Proceedings of the Madras Government, Public Works Department,
13th May 1867.*

No. 303. Read the following Endorsement of the Consulting Engineer for Railways, dated Madras, 3rd May 1867, No. 137 :—

Read the following letter from the Agent of the Great Southern of India Railway, to the Consulting Engineer for Railways, dated Negapatam, 29th April 1867, No. 2,315.

With reference to the Proceedings of the Madras Government, Public Works Department, dated 15th March 1867, and the Order thereon, No. 796, I have the honour to state, for your information, that the Chief Engineer writes to me as follows :—“ The sleeper under reference was most probably taken from a collection “ ready for a pick up train, which was employed in removing all material left by “ plate-layers after the permanent-way was laid complete ; there was no record kept “ of the position of these collections, and therefore I cannot ascertain how far the “ sleeper may have been carried.”

Submitted for the information of Government, with reference to G. O. No. 796, dated 15th March 1867.

(Signed) J. C. ANDERSON, Lieut.-Colonel, R. E.,
Consulting Engineer for Railways.
