*Proceedings of the Madras Government, Educational Department,
7th May 1867.*

No. 20. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 26th March 1867, No. 619.

I have the honor to submit the papers marginally noted,* for the consideration and orders of Government.

* Letter of 19th March 1867, from Managers of the Schools attached to Emmanuel Church, Black Town.
Letter of 20th March 1867, from Director of Public Instruction.
Letter of 22nd March 1867, from the Reverend J. W. Wynch, with letter from Managers enclosed.

2. It will be seen that the Managers of the Schools attached to Emmanuel Church, Black Town, propose to erect a new school-house at an estimated cost of

Rupees 3280, and that they seek a grant from Government of a moiety of that sum.

3. Under the explanation afforded by the Reverend Mr. Wynch and the other Managers, I beg to support the application made by them.

From the Managers of the Emmanuel Church Parochial Schools, Black Town, to the Director of Public Instruction, Madras; dated Madras, 19th March 1867.

We, the Managers of the Emmanuel Church Parochial Schools, have the honor to transmit herewith a plan and estimate of new school we are desirous of building in connection with Emmanuel Church, Black Town.

2. The estimate, herewith sent, is Rupees (3280) three thousand two hundred and eighty. We have raised by subscription the sum of Rupees one thousand six hundred and forty, and we have the honor to beg you to be good enough to apply for, and support our request for, a Government grant-in-aid for the like sum, namely Rupees (1640) one thousand six hundred and forty, according to Section 23, Appendix IV, of "Rules for Educational Grants-in-aid."

3. We would beg to remind you that when the boys' school was started in March 1866, Mr. Fowler, the Inspector of Schools, remarked* that, should the boys' school increase, another sum would be indispensable. We have been put to considerable inconvenience, which was unavoidable, owing to the want of another building, and it has retarded the progress of the school.

* No. 1306, dated 28th June 1866.

4. We have thus complied with the requisitions 1st, 2nd, and 4th of Section 23.

(") C. HALL, Secy. and Treasurer.

From the Director of Public Instruction, to the Managers of the Emmanuel Church Parochial Schools, Black Town; dated 20th March 1867, No. 582.

Referring to your letter of the 19th instant, I have the honor to observe that, under G. O., No. 240, of the 29th August 1864, you have already received a grant of Rupees 558, to assist in defraying the cost of enlarging the school-house attached to Emmanuel Church.

2. From your present letter, it appears that you contemplate erecting a new school-house, containing one large room 52 feet by 20 feet, with a small room attached.

3. Before submitting your application to Government, I have to request that you will explain what you propose to do with the school-house for which you have already received a grant. In case you intend to use both buildings as school-rooms, I shall be obliged by your letting me know the number of children you contemplate accommodating in each, and also the total number of children now in attendance.

Proceedings of the Madras Government, Educational Department,
7th May 1867.

From the Reverend J. W. WYNCH, M. A., Chaplain of Emmanuel Church, Black Town, to the Director of Public Instruction, Madras; dated Madras, 22nd March 1867.

I have the honor to forward you our answer to your letter, No. 582, dated 20th March 1867. I would beg to draw your attention to your letter, dated 28th June 1866, No. 1306, in which you have an extract from Mr. Fowler's letter, thus, "with the present number, there is sufficient accommodation for both schools, though there would hardly be if the number in both schools, or even in either, increased much."

2. At the time Mr. Fowler wrote this report, the number in the boys' roll was 25, out of which 18 were in attendance when he inspected the school. The number of girls have also increased, but not so much as the boys; and this has been, I am assured, on account of the boys and girls being in *one room*. Mrs. Rodgers, to obviate the difficulty partially, takes home the senior girls to her own house, between the hours of 12 and 2.

From the Managers of the Emmanuel Church Parochial Schools, Black Town, to the Director of Public Instruction, Madras; dated Madras, 22nd March 1867.

We have the honor to acknowledge the receipt of your letter, No. 582, dated 20th March 1867, and, in answer thereto, to state that the present school-house, which Government assisted in enlarging by a grant in 1864, will be used exclusively as a girls' school, and the new building exclusively for boys:—

2. The numbers are at present—girls 58, boys 36; and we expect a large increase to both on increased accommodation.

3. Many parents have objected hitherto to these schools, from our being compelled to use one room for boys and girls. A school in connection with the Church Mission has lately been closed from the death of the European lady who conducted it, and the Mission have no intention of re-opening it. This will cause a great increase in our schools, as soon as we are enabled to receive them; and we, therefore, propose to build a new school-house of the same plan and dimensions, to correspond with the present one, to hold about 72 children. We beg your kind co-operation.

No. 21. ORDER THEREON, 7th April 1867, No. 135.

The Governor in Council sanctions a grant of Rupees (1640) one thousand six hundred and forty, in aid of the erection of a school-house for the boys' school attached to Emmanuel Church in Black Town.

2. It is observed that the present school-house, for the enlargement of which the Government granted Rupees 568 in 1864, is, in future, to be used exclusively as a girls' school.
