Special Lt. Engrs Office Wynaad
Sunday 14th May 1867

From
The Special Services Engineer
In charge of Wynaad

To
The Secretary to Government
Department Pub. Works Madras

Sir,
I have the honor to submit a
Statement shewing an receipt, above allotment
of 1866/67, of Rs. 13838 under the head of New
Works, and Tools and Stores, in the Wyn-
naad Division viz
Receipt on New Works 11596
Tools and Stores 2242
Total Rupees 13838

From this Statement and the Abstract
given at the fort, it will be seen that against
an Receipt of Rs. 11596 on New Works there is a
saving, under the same head, of Rs. 6070 leaving an excess
of Rs. 5526; and
of Rs. 2736 expended in 1866-67 on the following
works for which there was no allotment in that year
be taken into account the net receipt will be Rs. 2790-

1. Post Office at Mannantoddy 2147 ..
2. Works completed and paid up in full 100 ..
3. Bridge No. 1 on Periah road 200 ..
4. Road to Poir Bridge 75 ..
5. Range Office at Madhivattam 214 ..
- Total Rupees 2736 ..

3. Item No. 1 has been entered in List No. 1 submitted on the 9th Instant.

4. The chief sheep above allotment has taken place in North Wynaad Range, where I find both labor and materials are higher than other ranges in Wynaad, chiefly due I believe to want of sufficient permanent Subordinate Superintendence; Chinnam is particularly dear there, owing to distance from which it has to be brought, and in fact we are not yet able to come to reliable data.

5. The sheep of No. 2242 against Tools and Stores has also taken place in North Wynaad, as these articles had to be purchased above allotment by the authority of the Superintending Engineer of the Division before the Wynaad Division was separated.

6. Under the above circumstances, I beg you will be so good as to obtain a transfer of funds, in order to cover the sheep expenditure of last Official Year.

I have the honor to be

Sir,

Your most Obedt Servant,

Robt W. Keene, Captain
Special Asst Engineer Wynaad.
