No. 314. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 20th December 1866, No. 1,172 A :—

1. I am directed to acknowledge receipt of your application, No. 3,615, dated 14th November 1866, and in reply to convey sanction to the re-appropriation of Budget credits therein detailed, with the exception of that portion which involves an increase of Rupees 75,686* to the grant for Minor Works.

Civil Buildings	54,554

† Forwarded to the Government of Madras with Public Works Department letter No. 777A, dated 10th December 1864.

2. On this point I am to remark, that as the Budget† rules limit the assignment for Minor Works to one-tenth of the Budget allotment, viz., ... Rupees 6,94,193 and as the amount already assigned on this account aggregates „ 6,84,000 the Governor General in Council is pleased to allow the Minor Works grant to be increased only by the difference of Rupees 10,193, as it is very undesirable to relax the rule, or to divert to Minor Works special allotments for other works.

3. As the proposed re-appropriation is said to be required for the prosecution of urgent works, I am to remark that in case those works do not come within the category of Minor Works, specific appropriations for them from the sum now disallowed may be proposed for the sanction of the Government of India.

No. 315. ORDER THEREON, 17th January 1867, No. 154.

ACCOUNT, No. 25.

It becomes necessary therefore to revise the following re-appropriations, and to re-distribute the amounts in the manner indicated below :—
