**Proceedings of the Madras Government, Public Works Department,
22nd May 1867.**

Read the following letters :—

No. 521. From the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 10th May 1867, No. 30.

1. The Controller of Public Works Accounts has returned unaudited the accompanying Contingent Bill of my Office for the month of February last, stating that the charge of Rupees 45 for three copies of a lithographed Map of the Cantonment of Bangalore does not constitute Office contingency, and that the plans should have been drawn by the Draughtsman of the Executive Engineer's Office.

2. The Maps are lithographed copies of a recent survey of the Cantonment on a large scale, and were received from the Commandant of Sappers. One was for my Office, and one for that of the Executive Engineer. The third copy was applied for by Lieutenant Pennycuik for his own use, but during his absence on leave its cost also was, by mistake, paid by this Office; and he has been called on to refund the price of his copy. This reduces the amount of the bill to 30 Rupees.

3. The Map is of much use to this and the Executive Engineer's Office, and it would take a Draughtsman several months to make a copy of it. There is a saving of more than 170 Rupees from the contingent allowance of my Office whence the cost can be met. Under these circumstances I have the honour to request Government will be pleased to sanction the charge objected to by the Controller.

No. 522. From the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 11th May 1867, No. 31.

1. I have the honour to request the sanction of Government for the accompanying bill of Rupees 4, for oil, &c., purchased and supplied to the watchman on duty at the head of the main sewer at Bangalore.

2. This amount was included in the Contingent Bill of the Executive Engineer for March, but it was struck out by the Controller of Public Works Accounts, who was authorized to pass only the salaries of the Conservancy Establishment.

3. Since the 1st April the Conservancy Establishment has been transferred to the Municipality.
