Proceedings of the Madras Government, Public Works Department, 22nd May 1867.

No. 526. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Camp, Dowlaishweram, 6th May 1867, No. 33:—

1. I have the honour to submit, for sanction, the accompanying plans and estimates as per margin, amounting in aggregate to Rupees 1,060, for building a sluice to the Nursapore Canal bank, and for excavating a new channel from the proposed sluice to irrigate 680 acres of land in Martair and Juggunadhapuram, in No. 3 Range, Godavery. This land is at present irrigated by palmyra sluices in the bank of the main canal, but these sluices being always in bad order, spoil the bank, and render the proper regulation of the channel difficult, and they should therefore be removed.

2 Plans.
2 Estimates.
1 Specification.

2. The plans and estimates have been duly countersigned by the Collector of the district. I request that an early sanction may be accorded to the proposed works, and the necessary funds placed at my disposal from the current year's Reserve.

No. 527. ORDER THEREON, 22nd May 1867, No. 1,548.

IRRIGATION, No. 29.

Sanctioned; the outlay being charged to the Reserve under "Agricultural."

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 1st Division, with one Survey and one Specification.

The land which it is proposed to irrigate by this Channel has hitherto received water from the Chinnada Ch^l by a Calingula in it from thence in the Bank of the main Canal. The Calingula being tampered with by the villagers the lower villages did not receive their proportionable of water, & pal impracticable in the main Canal thanks are very de jectionable & propose to remove them when the CW is done.
