Proceedings of the Madras Government, Public Works Department.
23rd May 1867.

No. 545. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp, Kumbly, 10th May 1867, No. 419:—

1. I have the honour to submit, for the sanction of Government, the accompanying plan, &c., for a road dam across the Mootalapooram Vunkah on Trunk Road No. XII., in place of a bridge which was carried away some years ago; this work is stated to be very urgently required.

2. In the Budget submitted by me I entered a sum for "Minor New Works, Communications," but it was struck out in your office; and so I am unable to state from what Budget allotment the grant may be made.

3. I beg to state that there are several works of this nature urgently required, and for which I have directed plans and estimates to be prepared; and would beg that, in future Budgets, a sum may be allotted for "Minor New Works, Communications."

No. 546. ORDER THEREON, 23rd May 1867, No. 1,556.

CIVIL WORKS, No. 61.

The Government approve of the estimate of Rupees 1,100 submitted with this letter, but, as the entire Minor Works grant under "Communications" has been appropriated, they are unable to make the assignment applied for by the Superintending Engineer who will therefore submit proposals in due course for providing the requisite funds by transfer.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
