Proceedings of the Madras Government, Revenue Department,
18th May 1867.

No. 288. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 10th May 1867, No. 660 :—

1. With reference to Government Order No. 1,168, dated 16th April 1866,

2 Surveys.
1 Abstract Estimate.

I have the honour to submit a revised estimate, amounting to Rupees 6,700, together with the original survey for the proposed Tramway feeder from Parundur to Palur, in the Madras District.

It is now proposed to finish it as an earth-road without any metaling, but with all the necessary masonry works. The object and necessity of the line in question are fully set forth in my letter No. 3,449, dated 5th January 1866, printed with Government Order, No. 193, dated 17th January 1865.

2. In respect to the road from Sheally Moodelly's Choultry to Chinna Mooten Chavady, also adverted to in the first of the Government Orders quoted, it will be scarcely necessary for me to point out, as my letter embodied in the Proceedings of Government, No. 499, dated 9th February 1866, fully explains the circumstance that it is a half finished road, and that it lies close to the Presidency, and that it is therefore highly desirable that it should not be allowed to remain in its present unfinished state.

3. The letter of the Collector of Madras, recorded in Proceedings of Government, No. 1,168, 16th April 1866, shews that there were no District Road Funds for the roads in question available in the year 1865-66. Probably funds were supplied from the District Road Cess Fund.

Referred to the Revenue Department.

Secretary to Government.

Referred to the Board of Revenue, who will, in communication with the Collector of Madras, consider whether the District Road Fund can provide the requisite sums for the works in question, viz. :—

For completing road from Sheally Moodelly's Choultry to Chinna Mootten's Choultry, balance of estimate of Rupees 13,300 of which Rupees 5,000 have been spent	8,300
