*Proceedings of the Madras Government, Marine Department,
16th May 1867.*

No. 43. Read the following letter from the Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 9th May 1867, No. 1765.

Referring to the Proceedings of Government, Public Works Department, No. 957, of the 27th March last, I have the honor to submit the accompanying estimate, amounting to 1260 Rupees, for the erection of substantial quarters for the Light Keeper and Lascars on Hope Island; the former buildings erected about a year ago having been washed down, or otherwise destroyed by the action of the sea air and moisture.

2. It is very necessary that these men should be properly housed, and made as comfortable as possible. They are in a manner cut off from the world, and much difficulty is found in inducing men to take service. If good accommodation is provided, they will probably have their families with them; there will be less reluctance to a residence on the island; and the duties will doubtless be performed with greater zeal and efficiency.

3. I beg to recommend the estimate for sanction, the charge being borne by the Port Fund.

No. 44. ORDER THEREON, 16th May 1867, No. 115.

Under the circumstances represented in the foregoing letter, the Governor in Council sanctions the plan for a permanent building proposed to be erected for the accommodation of the Light Keeper and Lascars on Hope Island, at an estimated cost of Rupees 1260, which will be charged to the Port Fund.

(True Extract).

G. J. Cunningham
Chief Secretary.

To the Superintendent of Marine.
Public Works Department, with plan and estimate.
