Public Works DEPARTMENT.

G.O. No. 1590 Press Mis.

613-614

Dated 27-S- 1867.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department.

27th May 1867.

No. 613. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 15th May 1867, No. 21 :—

On the road from Ongole to Kottapatam a small portion of ground, containing about 450 square-yards, as shown in the accompanying rough sketch, was taken up, in order that a convenient line for carts passing through the village might be obtained. The owner of the land demands 196 Rupees for the ground, its real value being about 14 Rupees. I have the honour to annex a letter on the matter, received from the Collector, and to request that, under the circumstances stated, the Government will direct the Collector to take order for the acquisition of the land under Act VI. of 1857.

From the Acting Collector of Nellore, to the Superintending Engineer, 2nd Division, dated Nellore, 8th May 1867, No. 111.

Letter from the Officer in charge of the Salt Deputy Collector's Office, No. 436, dated 3rd December 1866.
Ongole Tahsildar's Arzi, No. 12, dated 15th April 1867.

1. In returning the enclosures forwarded with your letter No. 77, dated 13th December 1866, I have the honour to inform you that the petitioner, Annane Adenaraydu, as appears from the correspondence noted in the margin, had steadily declined to receive less compensation than he has claimed, viz., Rupees 196.

2. From the Ongole Tahsildar's Arzi it is to be observed that the disputed ground having been formerly open waste, carts and cattle, &c., used to pass across it, but the petitioner proves his right to the land on the strength of the deed of sale produced by him.

3. This shows that he purchased the whole land (being 18 ankanums) for Rupees 49, and he now claims, as compensation for the same, Rupees 196, which is four times the original price. The part now actually occupied by the road being 5 ankanums only, its value would be only Rupees 13-9-0 at the rate at which he bought the land.

4. A mere right of way while the land was unused, will not bar the right of ownership set up by petitioner, whose claim must be disposed of in a legal way.

5. Unless you are inclined to request Government sanction for taking possession of the land under Act VI. of 1857, I see no other way to satisfy the petitioner's claim except by paying him the amount he claimed.

No. 614. ORDER THEREON, 27th May 1867, No. 1,590.

CIVIL WORKS, No. 72.

The Superintending Engineer of the 2nd Division is requested to furnish information regarding the boundaries of the land in question to admit of the issue of a Notification authorizing the Collector of Nellore to take possession of it under Act. VI. of 1857.
