No. 631. Read the following Memorandum from the Chief Secretary to Government in the Ecclesiastical Department :—
(Here enter 15th May 1867, No. 143.)

From the Acting Collector of Malabar, to the Chief Secretary to Government, dated Calicut, 20th March 1867, No. 32.

1. An estimate for erecting a wall round the burial ground at Anjengo was sent to the Superintending Engineer on the 6th October 1865.
2. In March 1866, Mr. Ballard inquired of that Officer whether the estimate had been submitted for sanction of Government, and a reply was received that it had been submitted to you with Memorandum No. 194, of 30th November 1865, and that the Superintending Engineer could do nothing further in the matter.
3. No further movement appears to have been taken until the 27th ultimo; when in forwarding the usual annual report on the state of the burial grounds in the district to the Superintending Engineer, the Collector inquired whether the sanction of Government had been received.
4. The Superintending Engineer replies that no orders have been passed.
5. I have the honour to solicit the orders of Government on the subject.

No. 90.

MEMORANDUM.

In a letter received from the Acting Collector of Malabar, dated 20th March 1867, No. 32, it is stated that, in March 1866, Mr. Ballard inquired of the Superintending Engineer, 7th Division, whether the estimate for erecting a wall round the burial ground at Anjengo had been submitted for the sanction of Government, and a reply was received that it had been forwarded to the Chief Secretary with Memorandum No. 194, of 30th November 1865. As neither the estimate nor the Memorandum can be traced among the records of this Office, it is requested that Colonel Walker will be good enough to furnish copies of the same.

No. 632. ORDER THEREON, 27th May 1867, No. 1,599.

CIVIL WORKS, No. 75.

Before passing orders on the estimate referred to in the foregoing letter, the Government desire to be informed

what circumstances necessitate the proposed enclosure of the burial ground at Anjengo, as there is no information before them to show what has been the condition of the burial ground up to this date, how many Christians, and of what persuasions, use it, and whether the whole area of the present burial ground is required to be fenced in. The Collector will report upon these points in resubmitting the estimate, if he still considers it advisable to incur the proposed expenditure.

Sir,

An estimate for erecting a wall round the burial ground at Onjengo was sent to the Superintending Engineer on the 6th October 1865.

In March 1866 Mr Ballard enquired of that officer whether the Estimate had been submitted for sanction of Government and a reply was received that it had been submitted to you with Memo N^o 194 of 30 November 1865 & that the Superintending Engineer could do nothing further in the matter.

No further movement appears to have been taken until the 27th ultimo when in forwarding the usual annual report on the state of the burial grounds in the District to the Superintending Engineer the Collector enquired whether the sanction of Government had been received.

The Superintending Engineer replies that

no orders have been passed.

I doubt the justice to the
 Govt of the outlay herein
 proposed, unless on further
 information to be submitted. -
 We are called on to spend
 1000 Rs. for a wall round a
 burial ground - Now (as the
 a. Robert does not appear -
 on this more estimate of one
 P. Netto, a subaltern rate,
 by whom, I suppose from the
 papers, the work will eventually
 be done - The estimate appears to
 be on P. Netto's report - but that
 report is not sent up - We are
 ignorant consequently of what has
 been produced the 1000 Rs. needed.
 The Govt. had have been informed
 of the existing necessities the present
 estimate for spacing the Govt. having
 any personal knowledge of any case.
 What has been the condition of the
 burial ground up to date - how many dead
 used - must the whole space be inclosed -
 Can the area be diminished - are points on
 the frontier should make a clear & precise
 representation
