*Proceedings of the Madras Government, Educational Department,
22nd May 1867.*

No. 82. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 6th May 1867, No. 917.

I have the honor to enclose a letter, dated the 15th ultimo, with two estimates, from Mr. Grigg, Acting Inspector of Schools, 1st Division.

2. I beg that sanction may be given for the expenditure of Rupees 260 in re-flooring the Kassimkotai school-house. The amount may be taken from the sum of Rupees 1000 provided, under "Original Works," in the current year's Budget Estimate, for a school-house at Ankapilly, also in the Vizagapatam District.

3. As it was originally intended that buildings of the class of the schools at Kassimkotai and Ankapilly should be executed by agency other than that of the Public Works Department, it is now necessary that the Accountant General should be instructed to transfer the sum of Rupees 260, above referred to, to the control of that Department.

4. I beg to draw attention to Mr. Grigg's statement, that the school was floored with chunam, because the order in regard to brick flooring had not then been passed.

5. I do not think it advisable to erect a compound wall to the Kassimkotai school-house. A wall would probably need frequent repair. A Pcon is attached to the school, and it may be made a part of his duty to prevent trespass of any sort.

From H. B. GRIGG, Esq., Acting Inspector of Schools, 1st Division, to the Director of Public Instruction, Madras; dated Waltair, 15th April 1867, No. 53.

I have the honor to forward two estimates for the Kassimkotai Taluq School.

2. The first is for re-flooring the school with bricks in chunam. Mr. Bowers visited the school in December last, and finding it was floored with chunam, contrary to Government Order, 281, September 30th, 1864, he wrote to Colonel Moberly, refusing to take over the school-house until the floor was altered. Meanwhile, Mr. Bowers left. In February, I received from Colonel Moberly the enclosed estimate, without any explanation. For this, I applied, and, after a delay of nearly two months, I have at last received one, stating, as the estimate was made prior to the publication of the Government Order named, the brick flooring was not provided for. I, therefore, submit this supplemental estimate for your approval, with a view to Government sanction.

3. The second estimate was forwarded to me by Mr. Carmichael, with a letter informing me that, on visiting the town in December, he had noticed the want of a compound wall, and the proprietor's widow having expressed her willingness to bear half the expense, he ordered the enclosed estimate of 580 Rupees to be drawn up. The 290 Rupees given by the widow will be disbursed from the Collector's office, when required.

4. I, therefore, trust you will obtain sanction for a grant of the same amount, as speedily as possible. At present, a servant has to be kept to protect the building from the inroads of village pigs, &c.

5. I may add that I have taken over the building from the Superintending Engineer, and I have given orders for the school to be held in it, as great inconvenience was felt from want of proper accommodation. The work of re-flooring will not necessitate the suspension or removal of the school.

No. 83. ORDER THEREON, 22nd May 1867, No. 162.

The Governor in Council sanctions the re-flooring of the Kassimkotai school-house, at an estimated cost of Rupees 260, and directs that the amount be transferred to the Public Works Department.

*Proceedings of the Madras Government, Educational Department,
22nd May 1867.*

2. The Government are of opinion that every school should, if possible, have a compound wall, and as a moiety (Rupees 290) of the cost of the proposed wall round the Kassimkotai school is to be met by private contribution, His Excellency in Council resolves to sanction the estimate of Rupees 580, and to authorize a sum of Rupees 290 being transferred for the purpose to the Public Works Department.

(True Extract).

G. J. Constant
Chief Secretary.

To the Director of Public Instruction, with three enclosures, returned.
