Proceedings of the Madras Government, Revenue Department,
28th May 1867.

No. 445. Read the following Proceedings of the Board of Revenue, dated 16th May 1867, No. 3,005.

Read the following letter from the Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated 2nd May 1867, No. 121 :—

I have the honour to forward, herewith, a copy of a letter, dated 10th April 1867, No. 10, from the Superintending Engineer, 2nd Division, and the plans and estimates received therewith for making a fair-weather road between Ponnalur and Kanigherry, at a cost of Rupees 8,180, and request that, under the circumstances set forth by the Superintending Engineer, the requisite sanction may be obtained for the same.

From the Superintending Engineer, 2nd Division, to the Collector of Nellore, dated Masulipatam, 10th April 1867, No. 10.

1. I have the honour to forward plans and estimates, amounting to Rupees 8,180, for making a fair-weather road between Ponnalur and Kanigherry, as promised in my letter No. 43, dated 18th September 1866. The road from Oolapallem up to Ponnalur (estimate of Rupees 34,150, was sanctioned by Government, No. 789, dated 9th March 1866, and is nearly completed. The present estimate is a continuation of that road. Rupees 557 were expended in the past official year, under the Board's sanction above quoted, and I proposed that Rupees 8,220 should be included in the Supplemental

Local Fund Budget for the current year. This should now be altered to Rupees 7,623, of which, 1,180 on account of masonry works should be executed by the department, and the balance, Rupees 6,443, by the Revenue authorities. The estimates now forwarded are calculated for making a very good fair-weather road, passable also in the rains, but as metaling is only allowed in portions where the soil is of a very bad quality, it will remain somewhat difficult to traverse during the rainy season. It will, however, open out for cart traffic a tract of country which is much in need of roads, and be a great public benefit.

2. I have the honour to request that should you approve of the works you will be good enough, after countersigning the plans and estimates, to forward the same for the sanction of the Revenue Board and Government.
