**Proceedings of the Madras Government, Public Works Department,
3rd June 1867.**

No. 47. Read the following Endorsement of the Acting Superintending Engineer, 4th Division, dated Madras, 23rd May 1867, No. 946 :—
Read the following letter from the Executive Engineer, in charge of Madras Water Works, to the Acting Superintending Engineer, 4th Division, dated Red Hills, 21st May 1867, No. 95.

G. O. No. 1,332, dated 3rd May 1867. 1. With reference to Government Order noted in the margin, granting me an establishment, as asked for, except in one item of Rupees 1½ per day, travelling allowance for Mr. Pimm, I have the honour to state that Colonel Boileau was under a misapprehension when he stated that only Rupees 15 or pony allowance had been passed to the Overseer when employed under Mr. Fraser. From the accompanying Acquittance Roll you will gather that Rs. 114 at any rate were paid in October, November, and December last, and the Overseer states he always drew on the scale of Rupees 1½ per day.

2. Mr. Pimm is now employed on works of far greater importance than leveling and surveying, and which require a constant watchfulness. He has to go to Cholavarum tank and back each day, making a journey of twelve miles besides evening work.

This distance cannot be done daily by one pony, nor does it appear that one could be kept for Rupees 15 per month, at the price obtaining for gram here, viz., two Annas a seer.

3. Under these circumstances, I request the authority of Government may be obtained for granting him an allowance as I requested before.

Submitted for the favourable consideration of Government.

Acting Superintending Engineer, 4th Division.

No. 48. ORDER THEREON, 3rd June 1867, No. 1,659.

ESTABLISHMENT, No. 1.

Under the circumstances now brought to notice in this letter, the Government authorize the grant of travelling allowance to Mr. Pimm under the rules of the Department, at the rate of Rupees 1-8-0 per diem.
