MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. <i>1723</i>	Press ~~Mis.~~
<i>134-135</i> Dated <i>7-6</i>	<i>1887</i>

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
7th June 1867.*

No. 134. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 21st May 1867, No. 26 :—

- 1 Survey.
- 1 Plan.
- 2 Detailed Estimates.
- 1 Abstract do., amounting to Rupees 6,130.
- 2 Specification Reports.

1. I have the honour to submit, for the sanction of Government, plans and estimates as per margin, for an irrigation channel from the 14th mile of the Polerajucodu to water the lands of Appa-

puram, Kykalur, and Antapaka, containing about 4,000 acres fit for wet cultivation, which will probably at 4 Rupees per acre yield an increase of revenue of Rs. 16,000 per annum.

2. The line now proposed forms in reality part of the lower Pullairu project, G. O. No. 3,581, dated 27th November 1865. for which Government have sanctioned Rupees 1,04,050. It is one of the ducts branching out from the Polerajucodu continuation included in the scheme, and as I hope that this year sufficient water may be obtained through the widening of the main feeders to ensure a supply to about 1,000 acres, which the ryots promise at once to take up, I would suggest that the amount now sought may be added to that already sanctioned, and for which an allotment of Rupees 8,569 was made in the

current year's Budget,* and that the work be pushed on to a sufficient width before

* Item 140.

the canals are reopened to obtain the requisite amount of water.

No. 135. ORDER THEREON, 7th June 1867, No. 1,703.

IRRIGATION, No. 4.

As the project referred to in this letter promises to be highly remunerative, the expected return being upwards

of 260 per cent. on the proposed outlay, His Excellency the Governor in Council sanctions the estimate of Rupees 6,130, and directs that the work be put in hand at once and completed as speedily as possible, the expenditure being charged to the Reserve under "Agricultural," and the accounts kept altogether distinct from those of Item 140 of the current year's Budget.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
