*Proceedings of the Madras Government, Public Works Department,
7th June 1867.*

No. 147. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp, Bellahoonsy, 22nd May 1867, No. 491 :—

1. In the begining of this year a Writer obtained a few days' casual leave. During his absence he fell sick, and submitted a Medical Certificate; on which agreeably to the Rules, the leave was changed into sick leave. On recovering from his sickness the Writer, instead of rejoining his appointment, forwarded his resignation.

2. I inquired of the Controller if, under the circumstances, pay was admissible, and at what rate; and also suggested that a reference should be made to Government if no limit of time was assigned; as otherwise the privilege might be abused, and any man might resign after having been away a long time and drawn as much pay as possible.

3. In reply the Controller states that the man is entitled to a moiety of his pay up to the date of resigning; and that he sees no reason for referring the question to Government, as any abuse of the kind on the part of the subordinate can be checked by refusing leave of absence. I myself do not see how I can refuse leave of absence if the application is supported by a Medical Certificate, and therefore beg to submit the subject for the consideration of Government.

No. 148. ORDER THEREON, 7th June 1867, No. 1,709.

ESTABLISHMENT, No. 16.

Cases of the nature brought to notice in this letter being of very rare occurrence, the Government see no reason for providing against such a contingency as that to which the Superintending Engineer refers by placing restrictions on the grant of sick leave to members of the Uncovenanted Service.

The Secretary to Government
Public Works Department

Sir,

In the beginning of this year a writer obtained a few days' leave of absence. During his absence he fell sick and submitted a medical certificate; on which, agreeably to the rules the leave was changed into sick leave. On recovering from his sickness, the writer, instead of resuming his appointment, forwarded his resignation.

2. I inquired of the Controller if, under the circumstances, pay was admissible, and at what rate; and also suggested that a reference should be made to Govt. if no limit of time was assigned; as otherwise the privilege might be abused and any man might resign after having been away a long time and draw as much pay as possible.

3. In reply the Controller states that the man is entitled to a month's pay up to the date of resigning, and that he sees no reason for referring the question to Government, as any abuse of the kind now the part of the subordinate can be checked by refusing leave of absence. I myself do not see how I can refuse leave of absence if the application is supported by a medical certificate and therefore beg to submit the subject for the consideration of Government.

I have the honor to be
